Re: Support for DotMusic's .MUSIC Community Application

Dear ICANN and Economist Intelligence Unit ("EIU"):

Please accept this of Letter of Support for the community-based DotMusic Application (ID 1-1115-14110)¹ for the .MUSIC top-level domain. This Letter also rejects the notion that there is no music community. In fact, this global music community initiative to launch a trusted, safe and secure .MUSIC domain (that protects intellectual property and the rights of musicians) is supported by organizations with members representing over 95% of music consumed globally.²
